

LITERACY ACTIVITY

Sticky Vowel Hunt

Write the vowels a, e, i, o, u on 10-15 sticky notes and hide them around the house.

On a large piece of paper write 10-15 first and last letter combinations, leaving a blank line in the middle.

Have your child search the house for the vowels and come back to the game board and place the vowel within the different combinations until they sound out a real word.

Not every vowel will work in every word

Most words will have multiple vowel options (like hat, hit, hut, hot)

The goal is to find a vowel that works within each word.
