

The Amazing History of Dogs

Activity 1: Journal

Imagine you could transform yourself into either a wolf or a dog. Which would you be? Write a paragraph explaining your choice and what time period you would like to live in. Find details in the articles, and use your imagination, to describe what your life would be like, what your daily activities might be, and what your relationship with humans would be like.

Activity 2: Watch & Write

As you watch, make a list of all the ways dogs help soldiers. Then use your list to write a thank-you note to a military working dog for being such an important helper.
