Literacy Worksheet

Story Writing

Write a story about what you are doing over the Goose Break. Just remember that writing is personal. It's your story so write it the way you want. You can make your story real or imaginary, therefore you can use many, many, sources as your inspiration. You can retell a story you heard your grandparents, your uncles or aunts, your parents or even one of your siblings tell. You can also write that movie or cartoon you have seen or even one of your dreams. Just remember, have fun while you are writing your story.
