

# LITERACY ACTIVITY

## Exploring Music

I HEAR...	...and that makes me <b>THINK...</b>	Now I <b>WONDER...</b>

Select a song you enjoy listening to, one that is appropriate and your parents would approve. Listen to your song, without looking at the lyrics.

Write down the name of the song and what you hear in the song.

("I hear...")

Listen to the song again and write down what you think the song is about.

("I think...")

Listen to the song once more write down what you are wondering or what you are curious about.

("I Wonder...")

Discuss what you've written with someone in your home, or with a friend over video chat. Listen to the song together, this time, pay attention to the song's theme, purpose, or how people are acting or feeling. By thinking about songs this way, they can begin to mean much more.
