

ACTIVITIES IN THE BUSH - LANGUAGE

Be a Poet

I see a bird that cheers me up.
I see a tree that stands tall.
I see a branch that shows me where to go.
I see a rock that smiles at me.

As you walk in the bush, create a poem with each sentence starting with “I see”.

Make shorter or longer sentences, according to your child’s language level. With older children, talk about adding adjectives (descriptive words).

The adult or the child can write it down.

Do it in any language! 😊
