However, persons shall cease to be considered as spouses upon dissolution of their marriage through divorce or annulment or, if they are married or living in a conjugal relationship, upon a de facto separation for a period exceeding 3 months.

2) Allocation Principles

[Regional and local inventory](#)

2.1. Unless otherwise decided by the Board for the purpose of housing allocation:

- a) the regional housing inventory shall be strictly allocated to employees assigned to the regional office in Mississauga;
- b) the local housing inventory shall be strictly allocated to the employees of the schools and other employees of the Board located in a community other than Mississauga.

In this respect, separate housing inventories and employee housing priority lists are prepared for the purpose of independent allocation of the regional and local housing inventories.

[Smoke-free & pet free housing](#)

2.2. All CSB housing units are smoke-free, including their sheds, if any.

Moreover, the Housing Committees may dedicate up to 25% of their housing inventory where pets are not allowed on the premises (inside and outside the unit).

Employees have to respect the above conditions at all time failing that, they may be relocated immediately or evicted and have to pay for the cost of cleaning.

[Dedicated housing](#)

2.3. The Local Housing Committee may allocate and reserve specific housing units to management positions.

[Band members of the community / limitation](#)

2.4. An employee who is affiliated to the Band of the community of assignment and who is considered a non-resident employee at the time of hiring and is provided a housing unit¹ must, however, apply to the housing program of the community and must accept the lodging as soon as offered by the Band.

The employee in this situation will benefit from a CSB housing unit only for a maximum duration of 12 months². After this period, he will be considered a resident employee and will therefore be governed by section 8 below and may have to vacate the unit.

[Allocation criteria](#)

2.5. Dwellings are allocated to eligible non-resident employees³ based on the following criteria applied in the following order:

- a) teacher who does not have adequate housing;
- b) size of the family⁴ (eligible spouse and dependent child(ren) permanently living with the employee at the place of assignment);
- c) age of the dependent children, with priority given to a family with older children;
- d) seniority in the Board.

¹ Following the same allocation criteria as any other eligible employee

² However, under special circumstances, the Housing Committee may upon request decide to extend this period

³ Subject to clause 2.4

⁴ When more than one family does not have adequate housing (too small) and only a limited number of adequate housing becomes available, priority is determined by the number of dependent child(ren)

These criteria are applied according to the actual personal situation and status of the employee at the time of his application for housing.

In the event of an equality of criteria between applicants, the allocation is decided by drawing of lots where the applicants are invited to assist and, if they wish, with a witness of their choice.

[Housing categories](#)

2.6. The allocation criteria determine the employee's priority in respect to the following housing categories (number of bedrooms⁵):

A. Single	Bachelor unit 1 bedroom 2 bedrooms
B. Employee with an eligible spouse or one dependent child	2 bedrooms
C. Employee with two dependent children	2 bedrooms 3 bedrooms
D. Employee with three or more dependent children	3 bedrooms 4 bedrooms or more

[No available dwelling](#)

2.7. In the event that there is no dwelling available at the time of hiring in the category for which an employee qualifies, the Board may:

- a) provide the employee with the most suitable type of dwelling or lodging available;
- b) require the employee to share a dwelling.

[Occupancy/ higher category](#)

2.8. An employee who has a dwelling of a category which is superior to his eligible type of dwelling:

- a) will be charged the rent applicable to the type of dwelling for which he qualifies, in the event there is no vacant dwelling available in his category;
- b) will be charged the rent applicable to this type of dwelling if he chose to remain in this dwelling after a dwelling of his category becomes available;
- c) may be required to share his dwelling with another eligible person in accordance with the Housing priority list;
- d) may be required to move to another dwelling according to the Housing priority list and this after a notice of 30 days.

[Rent / sharing](#)

2.9. The employee who shares a unit shall pay only half the rent of the said housing. However, when due to a shortage of housing, employees who have to share a dwelling shall be exempted from paying their rent and subject to the compensation provided under clause 2.10. This exemption ends as soon as housing becomes available. However, this remains a taxable benefit as it would have been otherwise⁶.

⁵ Furnished or not furnished

⁶ In effect as of July 1, 2013

[Compensation](#)

2.10. In situations of shortage of housing, the employee hosting another employee may request a compensation of a maximum of \$50 per night for the first 5 nights after that the provisions of clause 2.9 will apply and the employee will be exempted from paying his rent for the duration of the sharing.

[Changes / status](#)

2.11. The employee must immediately inform the Housing Administrator of any changes in the number of family members permanently living with him (eligible spouse and dependent children).

[Eligibility](#)

2.12. An employee who is eligible to housing benefits at the time of hiring but who did not avail himself of this benefit, may keep his right to housing but only if the applicable criteria of eligibility in effect at the time of his request would still consider him as eligible if he had been hired then.

3) Procedure / Housing priority list, posting, applications, etc.

[Housing priority list](#)

3.1. Whenever necessary, but at least once a year, the housing Administrator updates his housing priority list (see **Annex A / Housing Assignment Priority List**) according to the allocation criteria. This list also includes the name of employees who are on leave and who have a priority over certain dwellings.

[Notice / local](#)

3.2. A notice informing the employees that a dwelling is available during the school year must be posted for a period of at least 7 working days at the school, centre or at the regional office, whichever applies (see **Annex B / Notice - available dwellings**). This is done whenever a unit becomes available.

Moreover, if dwellings in the local school housing or SRVTC inventory are available for the beginning of the next school year, the posting should be done before June 1st of the current school year.

[Submission](#)

3.3. The employee who wishes to apply for an available dwelling must return the duly completed “*Application for Housing*” form to the Housing Administrator, within 7 days following the beginning of the posting period (see **Annex C / Application form**).

Employees who already have adequate housing may also apply for any available dwellings in the category for which they qualify, subject to article 4.1.

[Consultation / school council](#)

3.4. The CEA shall consult the local school council⁷ before the final allocation to teachers of available dwellings is done. The school council does not have to be consulted for other categories of employees.

[Assessment and decision](#)

3.5. Assessments of all applications are made by a Housing Committee composed as follows:

- For the local inventory: the CEA and the School Principal;
- For the regional inventory: Superintendent of facilities from Material Resources and a Human Resources advisor (HR representative);

⁷ The concerned teachers of the Adult Education sector (including Vocational), shall also be consulted by their Housing Administrator

- For the SRVTC inventory: the Centre Director and a coordinator.

[Conflict of interest](#)

Should a member of the Housing Committee be in a situation of conflict of interest because he⁸ has also applied for housing, he shall be replaced by another manager for the allocation process (assessment, etc.).

3.5.1 The Housing Administrator transmits in writing to the applicants the decision of the Housing Committee regarding dwelling allocations (see **Annex D / Housing allocation and deduction rates Form**).

[Occupancy list](#)

3.6. Each month, the housing Administrator updates his “*Occupancy List*” for all dwellings and immediately sends a copy to the School Board paymaster in order to apply the proper rent deductions (see **Annex E / Housing Occupancy List**). This list shall also be sent to Material Resources Services.

[No application](#)

3.7. If no application has been submitted within the posting period, the Housing Committee may proceed to the allocation of dwellings as deemed appropriate.

[Application in case of absence](#)

3.8. An employee who is absent during the posting period of an available dwelling may delegate another person to apply on his behalf according to the modalities of this Policy.

4) Moving and temporary leaves

[Moving costs and moving day/voluntary move](#)

4.1. In the event that an employee, already occupying a Board dwelling is granted a move to a different dwelling, the said employee shall assume all costs related to his moving. According to the Collective Agreements and by-laws, the employee is granted a maximum of 1 moving day per year.

[Moving costs and moving day/Obligation to move](#)

4.2. In the event that the Board requires the moving of an employee to another dwelling, the Board shall assume the costs related to the said move. The Board shall also assume these costs for an employee who moves to a dwelling of his category if he was allocated a dwelling of a different category at the time of his assignment.

The employee shall be granted one moving day. However, the maximum of 1 moving day per year shall be increased to 2 days when a second move is requested by the Board.

[Dwelling occupied by the replacement employee](#)

4.3. In the case where an employee, accompanied by his dependent(s), temporarily leaves the locality where he is assigned following an authorized leave of a minimum duration of 30 consecutive working days, whom the Board must replace and no other dwelling is available, the employee shall allow the replacement to take his dwelling and the Board shall:

- a) pay the transportation, by a recognized firm, of all personal effects and furniture of the employee concerned, including packing and storage with a recognized firm;
- b) upon presentation of supporting vouchers, reimburse the costs of the disconnection and reinstallation of the telephone and cable services;
